Beebe River Road
Campton, NH 03223

LETTER OF DEFICIENCY# WSEB 05-088
CERTIFIED MAIL # 7099 3400 0003 0690 1742

**Subject: Campton – Beebe River Village District, Groundwater Discharge Permit
Monitoring (DES #198400077)**

Dear Mr. Romaine:

The records of the Department of Environmental Services (DES) show that a groundwater discharge permit (GWP-198400077-C-001) ("the permit", copy enclosed) was issued to the Beebe River Village District ("permittee") concerning its wastewater lagoons. This permit was issued on August 6, 2004, for a period of 5 years. Pursuant to NH Administrative Rule Env-Ws 1500, *Groundwater Discharge Permit and Registration Rules*, and successor rules, this permit itemizes Conditions specific to the facility's groundwater monitoring requirements.

DES records indicate that the permittee has not conducted sampling of monitoring wells MW-1, 2, 3, or surface water sampling at SW-1 as required by the permit. The failure to conduct and submit sampling analyses places the permittee in violation of Env-Ws 1500.

DES believes the violations can be corrected and future violations prevented by taking the following action:

1. **By September 1, 2005**, submit to DES groundwater sampling analyses, as detailed in the permit, for monitoring wells MW-1, 2, 3, and SW-1

In the event compliance is not achieved within this period, DES may take further enforcement action against the District, including issuing an order requiring the deficiencies to be corrected, initiating an administrative fine proceeding and/or referring the matter to the NH Department of Justice for imposition of appropriate penalties.

All correspondence, documentation, and sampling analyses as requested should be addressed as follows:

Mitchell D. Locker
